MULTI-COUNTRY TRIPS

Give As You Go Options

When we first started Journeys Within Tour Company we automatically added in experiences where guests could give back to the communities they visited and in return have once-in-a-lifetime experiences by being a part of these communities. Living in Cambodia we could see the problems facing the people and we wanted to be able to make travel a positive force for change, so we founded Journeys Within Our Community (JWOC), a non-profit 501c3 dedicated to bettering the lives of the communities we live and work in.

The Give As You Go tour option combines philanthropy to JWOC and other worthy projects into any itinerary. For our guests, this option is a way to do more than just visit these amazing countries, it's a way to give back and become a part of a better future for them. Visiting a World Heritage site one day, and changing someone's life the next – it really doesn't get any better than that.

Undiscovered Southeast Asia Tour – Cambodia and Laos

Both quiet and small countries, Laos and Cambodia have often felt the brunt of aggression from their neighbors and negative press from the West, but these two wonderful countries are brimming with beauty, culture and history.

This 13-day tour starts in Phnom Penh, the capital of Cambodia, where you will learn the sad facts of the Pol Pot Regime, but see the bright future in the Royal Palace and National Museum. A boat ride will get you to the world famous Angkor Wat, just outside Siem Reap, the world's largest religious monument and a testament to the once powerful Khmer Empire. From there, fly to Pakse, Laos and experience the beauty and majesty of the mighty Mekong River. In Vientiane visit wats and marvel at the peacefulness of this quiet capital. Luang Prabang, with its French Colonial influence, is a lovely escape on the banks of the Mekong.

Enjoy day trips to waterfalls and caves and take a day to trek into the stunning landscape to visit hill tribe villages. This trip will give you a better understanding of these small countries and will leave you with an appreciation of their perseverance and culture.

Everyone talks about “heading off the beaten track,” but we'll take you down what amounts to *only* a beaten track to visit some of the temples rarely seen by tourists. These tracks lead to quiet villages, forgotten temples and fascinating reminders of the ancient civilization that once existed. Spend a few days seeing the main Angkor temples and then discover what is really at the end of a beaten track with this 6-day tour.

LAOS

Plain of Jars and Hill Tribe Discovery Tour

Visit Luang Prabang to see the wats and temples and the lovely scenery and then head out of town to the mysterious Plain of Jars. This trip will take you through stunning landscapes to one of the biggest mysteries in Asia – fields filled with huge earthen jars, thousands of years old. There is no definite explanation of what these jars were for, but many believe the fields are cemeteries and the jars held the remains of the dead. In this 6-day tour you will not only be amazed at the mysterious jars, but you will always remember the people and hill tribes you meet living on these same plains.
